GOKHALE METHOD®

WHAT YOU WILL GAIN

- Reduce or eliminate back pain, neck pain, and other muscle or joint pain
- Prevent muscle and joint degeneration and injury
- Increase energy, stamina, and flexibility
- Restore confidence, reduce stress, and improve overall appearance

BASIS OF THE GOKHALE METHOD®

The human body is a physical marvel. We have evolved to walk, run, jump, dance, carry, and climb. Yet 80% of adults in modern cultures experience back pain. Are we poorly designed, or have we just lost touch with how to use our bodies? Esther Gokhale's research suggests the latter.

Populations with very little muscle and joint pain still exist. By studying these groups, as well as looking to our ancestors and revisiting how we moved as toddlers, we can all reclaim the healthy structure that lies within us.
